### Institutional Policies

#### Academic Honesty Policy

Lamar University expects all students to engage in academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in their academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action.

The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion, and the abuse of resource materials.

All persons involved in academic dishonesty will be disciplined in accordance with University regulations and procedures. Discipline may include failure of the assignment and/or course up to suspension or expulsion from the university. The penalty may vary by instructor.

Additional information is available on the [Academic Policy website](https://students.lamar.edu/academic-support/academic-policies.html).

#### Course Drop Policy

Students may drop a course and receive a grade of "Q" during the penalty-free period of the semester or session. For drops after this penalty-free period, grades are recorded as "Q" or "F," indicating the student was passing or failing at the time of the drop. A grade of "Q" may not be assigned unless an official drop has been processed through the Records Office. Students may drop a course online up to the census day by logging into Self-Service Banner. After the census day, courses must be dropped through the Records Office. For additional help, contact the academic advisor or the Records Office at registration@lamar.edu. **Students may not drop a course during the last 20 percent of the term.** Students should check the academic calendar at [https://www.lamar.edu/academic-calendar](https://www.lamar.edu/academic-calendar) for specific dates.

#### Students with Disability Policy

Lamar University is committed to providing equitable access to learning opportunities for all students. The Disability Resource Center (DRC) is located in the Communication building, room 105. If you are registered with the DRC and have a current letter requesting reasonable accommodations, we encourage you to contact your instructor early in the semester to review how the accommodations will be applied in the course.

Severe Weather

Follow the directions of the instructor or emergency personnel.

If you are in a multi-story building and you cannot get to the ground floor, pick a hallway in the center of the building.

Stay in the center of the room, away from exterior walls, windows, and doors.

Violence/Active Shooter

CALL - 7777 from a campus phone (Text 409-241-8002 from a cell phone). Note: Calling 911 from either a campus or cell phone will contact the City of Beaumont dispatch rather than the LU police.

AVOID - If possible, self-evacuate to a safe area outside the building. Follow directions of police officers.

Attendance Verification

Students must complete an Attendance Verification Quiz for ALL COURSES - both on-campus and online - in which they are enrolled each term by the third class day to comply with U.S. Department of Education attendance requirements. Failure to complete this quiz by the deadline may result in loss of course enrollment and/or financial aid. The quiz is located in EVERY COURSE through LULearn (Blackboard) even if the course meets on campus.

COVID-19 Requirements

The Lamar community is beginning this semester during a health crisis, which is unprecedented for a university and which has erupted on a massive scale. President Evans has outlined and required the following personal mitigation steps.

- Adhering to social distancing protocols (6 feet)
- Following enhanced personal hygiene practices, including regular handwashing and/or use of hand sanitizing products when soap and water are not readily available
- Self-screening for any signs or symptoms of COVID-19 before coming to campus (or leaving dorm room if a campus resident) and seeking medical care if feeling ill
- Wearing masks or other face coverings inside all buildings at all times except when alone in an office or dorm room

Students taking this class are required to wear masks or face coverings in the classroom at all times. Faculty and students share the same goals during this health crisis; we want success in this course, and we want the campus to remain open. Members of the Lamar community share significant and unrelenting responsibilities. As members of the larger world community, we have not only the opportunity but the duty to develop and to exhibit a sense of social responsibility. Masks protect those people around you, and everyone has to wear a mask for this measure to benefit all of us. During this Coronavirus pandemic, wearing a mask is a sign of mutual respect. The journal Proceedings of the National Academy of Sciences suggests that “among all strategies for reducing transmission, wearing face masks may be the central variable that determines the spread of the virus.”

We are responsible for each other. Each of us has to protect the Lamar family and to remember that we have especially vulnerable populations among us; for example, some students have chronic illnesses or disabilities, some students have children,
some students are older, and some faculty are older. Our individual choices are of the utmost importance. The university has confidence that all students will recognize their part in maintaining a safe environment for the campus community and that students will make the best choices while on and off-campus. In large part, your behavior will determine if the campus remains open for the entire semester. Also, an outbreak on the campus would affect not only our campus but the regional communities. Universities have an ethical responsibility to lead and to model good behavior. You, the students, are the heart of the university. Everyone has to participate because an outbreak becomes everyone’s problem.

Students who exhibit any of the symptoms of COVID-19 have a civic responsibility not to expose others to the virus. If a student has symptoms like a fever or a cough, the student should seek medical help and not attend class. As President Evans has stated, “In the spirit of caring for one another and ensuring the health of each other, it is important that we accept a role of responsibility.”

Any student who has a medical condition or a disability that would prohibit the student from wearing a mask should provide documentation to the Lamar Disabilities Resource Center.
