Course Policies

Course Management Policies

The policies of the School of Nursing are published in the Lamar University Dishman School of Nursing Graduate Nursing Studies Student Handbook. The policies are designed to provide guidance through the many processes that accompany the learning experiences in the nursing programs. Students are expected to be aware of and adhere to the policies as published.

Participation Requirements

Students should log into the course each day and check for updates and announcements. Students must be actively participating in their online course 3 out of 7 days a week. Participation is required in the discussion threads by posting your own original post and then posting engaging comments or questions (at least two) with other peers per week.

Course Evaluation

Lamar University encourages students to evaluate online the courses they take and the instruction they receive via a contract with a national company, OnlineCourseEvaluations.com. The evaluation instruments themselves were developed by LU faculty and administrators. Evaluation windows for fall and spring courses open two weeks before the final examination period and close at the end of the last class day. The student is notified of the specific dates at his/her LU Connect e-mail address. If course evaluations are given during summers, mini semesters, and other compressed terms, evaluation windows are extended past the last class meeting. Evaluations are completely anonymous, and neither LU faculty nor LU administrators have the ability to determine the name of the student who completed a specific evaluation form. The primary purpose of course evaluation is the improvement of instruction. That is, after the semester has ended and grades have been awarded, faculty are able to access the results of student course evaluations, to include all student comments. Faculty analyze the data and read the comments, and often use student observations and suggestions to make changes in course content and delivery. The results of course evaluations are also used by chairs and deans as one factor in decisions involving merit pay, tenure, and promotion. Both the administration and faculty take student input via course evaluations very seriously, and faculty encourage students to participate in this process. Any questions or comments students have about the process should be addressed to the University Assessment Coordinator, at 409-880-2385.

Response Times

Feedback on all assignments will provided within 7 days. Questions posed via email or discussion board will receive a response within 48 hours.

Practicum attendance is mandatory. If unable to attend the practicum experience, the student must contact the practicum preceptor prior to the beginning of the practicum experience and in accordance with the agency’s policies/procedures. An absence must be made-up, dependent upon arrangements being made with your preceptor and agency, and according to the criteria in the Practicum Agreements of this course, and the specifications of your preceptor agreements. Failure to complete the necessary hours will result in an Incomplete. Students will not be able to move to Practicum II until all hours in Practicum I are complete.

For the complete Attendance/Tardy Policy, see the School of Nursing Graduate Nursing Studies Handbook. Notify course faculty of problems with practicum scheduling.

To be successful in this course, all course requirements must be completed, and a satisfactory level of performance must be attained, as specified in the syllabus.
Late work in online courses is not acceptable. The structure of web-based courses provides due dates for assignments. Use of the assignment drop-box adequately informs students when course assignments are due. Penalty for late work is at the discretion of the faculty member. The penalty will not exceed 10% of the assignment grade per day. If the online delivery system is not available for submission, then email can be used as a backup submission system. Faculty may make exceptions after individual consultation. An incomplete must be completed in one long semester. Requests for incompletes are granted only if they fall within the Lamar University Policy for Incompletes. Extensions of Incompletes may be granted for extenuating circumstances only. (Fall 2007, Graduate Faculty)

Institutional Policies

Academic Honesty Policy

Lamar University expects all students to engage in academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in their academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action.

The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion, and the abuse of resource materials.

All persons involved in academic dishonesty will be disciplined in accordance with University regulations and procedures. Discipline may include failure of the assignment and/or course up to suspension or expulsion from the university. The penalty may vary by instructor.

Additional information is available on the Academic Policy website (https://students.lamar.edu/academic-support/academic-policies.html).

Course Drop Policy

Students may drop a course and receive a grade of "Q" during the penalty-free period of the semester or session. For drops after this penalty-free period, grades are recorded as "Q" or "F," indicating the student was passing or failing at the time of the drop. A grade of "Q" may not be assigned unless an official drop has been processed through the Records Office. Students may drop a course online up to the census day by logging into Self-Service Banner. After the census day, courses must be dropped through the Records Office. For additional help, contact the academic advisor or the Records Office at registration@lamar.edu. Students may not drop a course during the last 20 percent of the term. Students should check the academic calendar at https://www.lamar.edu/academic-calendar for specific dates.

Students with Disability Policy

Lamar University is committed to providing equitable access to learning opportunities for all students. The Disability Resource Center (DRC) is located in the Communication building, room 105. Office staff collaborate with students who have disabilities to provide and/or arrange reasonable accommodations.

If you have, or think you may have, a disability (e.g. mental health, attentional, learning, chronic health, sensory, or physical), please contact the DRC at 409-880-8347 or drc@lamar.edu to arrange a confidential appointment with the Director of the DRC to explore possible options regarding equitable access and reasonable accommodations.

If you are registered with the DRC and have a current letter requesting reasonable accommodations, we encourage you to contact your instructor early in the semester to review how the accommodations will be applied in the course.

Additional information is available at the DRC website (http://www.lamar.edu/disability-resource-center/).
