Catalog Description

A study of various symptom categories in psychopathology. The course will include an analysis of the diagnostic categories as well as the research concerning etiology and treatment. Prerequisites: Approval of instructor or 12 semester hours of CNDV coursework

Objectives

COURSE OBJECTIVES

Students who successfully complete this course will be able to:

1. Produce quality graduate work, behaviors, and outcome
2. Identify etiologies and diagnoses based on symptoms presented
3. Identify and learn about diagnoses using the DSM5
4. Evaluate potential for suicide risk and risk assessment plans related
5. Devise treatment plans based on diagnoses
6. Identify involvement of family in treatment
7. Recognize professional issues biases and stigma of mental disorders
8. Differentiate between mental health diagnoses and developmentally appropriate reactions
9. Distinguish legal and ethical considerations in presented cases
10. Understand the role CNS role plays in normal and abnormal psychology of humans
11. Understand Affective Disorders and as related to normal and abnormal behaviors
12. The role of Psychopharmacology in treating abnormal behaviors and disorders
13. The role neuroscience plays in understanding humans abnormal psychology and behaviors

Outcomes

STUDENT LEARNING OUTCOMES

- Learning to identify etiologies, diagnoses, and treatment plans based on DSM 5
- Ability to conduct a suicide risk assessment
- Ability to devise treatment strategies for systematic diagnoses using DSM5
- Ability to apply legal and ethical considerations in presented cases
- Ability to understand the CNS, Affective Disorders, and Psychopharmacology.
- Ability to learn about human psychopathology and abnormalities.

Course Materials

REQUIRED TEXTBOOKS

Meyer, R.G. & Weaver, C.M. (2013). Case Studies in Abnormal Behavior (9th ed.). Upper Saddle River, NJ: Pearson. (this text is not included in your Lamar Digital Library. It is available through other websites such as Amazon.com, Chegg.com, or Abebooks.com, among others)

(This text is available to you FREE of charge through the Lamar library. Directions on how to access the DSM 5 through the library is provided in your "Getting Started" page.

If you want to purchase a copy, this text is readily available as a text, e-text, or rented from Amazon and other sellers)

*Revel. To be purchased from Pearson. Revel for physiology of behavior by:

*Revel is technology-based and includes a textbook, videos, power point presentations, and more. This text is required for all CMHC students. Chapters required in this course are supplemental to the information required and to the Hooley, J. M, Butcher textbook.
REQUIRED ELECTRONIC COURSE MATERIALS

As indicated above (Revel).

REQUIRED ELECTRONIC COURSE MATERIALS

As indicated above (Revel). Revel is required and it is a Pearson technology that has your e-textbook, Carlson, has many awesome videos in each chapter that will suffice all videos you need to see, learn from, and in need for this course. It will also serve as your search tool to obtain the best information in regard to psychopathology, neuroscience, and abnormal behaviors. It is full of videos and other learning tools you will need for this course. All you have to do is seek a topic and watch the wealth of state of the art videos. In addition to Revel, we have videos posted for you on the BB site. For any reason, you are having difficulties finding a video, or accessing a video that is posted or have technical problems, then use other means of watching educational clips and videos from Revel or other sources such as Khan’s Academy, library videos, and as related to the topic listed for that week. Use the video or your choosing and based on your interest. Do not let a technical error prevents you from moving forward or finding a video. The sources I mentioned earlier and the net are full of great videos. http://pearsonmylabandmastering.com/ to open an account or enter the lab for this course. The YouTube: https://youtu.be/bbUrxlR4RsY?list=PL4DFHD1NjMuVUzNuFF6L2HxrbZLh5xeuw will show you how to register and how to sign in. http://khanacademy.org/

Revel for physiology of behavior by Information and access:

Along with the step by step instructions on how to access and enjoy Revel wealth of information that I have uploaded on how to register into your Revel course, here is a link for your convenience: https://console.pearson.com/enrollment/mv9swz

Should you have any trouble accessing Revel Customer Success. Information needed for both:

--For the REVEL course: 885-875-1801.

*Accessing labs and videos is your responsibility.

Course Policies

COURSE STRUCTURE

This course is presented in an intensive five-week format. Each week includes readings from assigned texts on the topic, video lectures from professors, discussion with your colleagues, and assignments for you to apply the concepts discussed in each week. A Final Project Steps 1, 2 and 3, introduced in Week 1 will culminate by Week 5. It is important to review the syllabus, all course materials and due dates at the onset of the course.

Evaluation

COURSE EVALUATION

At the conclusion of this course, you will be asked to complete the evaluation survey regarding: (a) the presentation of coursework, (b) the content of coursework, and (c) the delivery of the coursework. This is sent to your Lamar email account from Lamar University. Please check your Lamar email often.

SYLLABUS SUBJECT TO CHANGE
While information and assurances are provided in this course syllabus, it should be understood that content may change in keeping with new research and literature and that events beyond the control of the instructor could occur. Students will be informed of any substantive occurrences of syllabus changes.

COURSE REQUIREMENTS AND ASSIGNMENTS (All course assignments must be submitted in APA format)

It is very important that you keep up with the assigned readings, lectures, and activities. All assignments, including weekly discussions must adhere to the American Psychological Association (APA) style 6th edition guidelines (APA, 2010).

DISCUSSIONS (300 points; 60 points per week)

The exchange of ideas among colleagues engaged in scholarly inquiry is a key aspect of graduate-level learning and is a requisite activity in this course.

Requirements: You are expected to participate at least 3 separate days a week in the weekly discussion area. Discussion topics/questions are provided in the Discussion Board area. In addition, you are expected to respond to three of your fellow students’ postings. To count as participation, responses need to be thoughtful; that is, they must refer to the week’s readings, relevant issues in the news, information obtained from other sources, and/or ideas expressed in other class members’ postings. Where appropriate, you should use references to support your position.

Each week has at least one discussion question. The discussion questions require an original response (which includes at least one APA reference) and responses to at least 3 other students’ postings.

Initial postings for the discussion board are due by Day 4, and responses are due by Day 6. It is important to adhere to the weekly time frame to allow others ample time to respond to your posting. You may post peer responses before your main post. Responding to an Instructor’s post may count for one peer response. Discussions will be graded according to the Discussion Posting and Response Rubric. Due to the nature of these assignments, late discussion posts are not allowed.

APPLICATION ASSIGNMENTS (300 Points)

Each of the first four weeks (75 points for each of Weeks 1-4), you will submit an assignment where you will demonstrate your understanding of the concepts learned. Some assignments will demonstrate your mastery while others may contribute to a course project. Detailed instructions, along with the scoring guide to be used in assessing the assignment are included in the Assignment section of each weekly module. All course assignments must be submitted in APA format.

COURSE PROJECT (400 Points)

Overview

As Clinical Mental Health Counselors, we are trained to diagnose clinical disorders present in our clients. Before we treat actual clients, we hone our skills using case studies. For your final project, you will select a person (historical/none-fictional; celebrity/public figure; living/dead but real character) to evaluate and diagnose. You will apply your knowledge from the entire course to the development of this project.

This Final Project will help you to synthesize and display your understanding of assessment, diagnosis, treatment planning, family involvement, and legal/ethical issues. You should also listen to the lecture, review supplemental materials, and use the rubrics as
guides to help you complete the assignment. This assignment will count toward your final grade and is due by Day 7. It is worth 400 points.

Directions

For the Final Project, you will select a person for whom you will develop a case study with diagnosis and treatment recommendations. The person can be a public figure or a non-fictional character, (historical/none-fictional; celebrity/public figure; living/dead). Cases presented in your texts or in the course are NOT eligible for use in this project.

Your Final Project will contain the following sections:

*Introduction to the topic* (Note: in APA style, the Introduction does not get a separate heading)

- **Identifying Information:** Age, gender, ethnicity, relationship status, and vocation of the individual.
- **Presenting Problem:** The individual’s primary problems or concerns.
- **History of the Present Problem:** When did the problem begin? How severe is the problem, i.e., does it impact the individual’s work, relationships, or leisure pursuits? Are any stressful life events associated with the presenting problem?
- **Personal and Family History:** Information about family background, relationship history, developmental history, education/work history, medical history, substance abuse, and/or previous counseling/psychiatric experiences that may be related to the presenting problem.
- **Diagnosis:** See template for format.
- **Justification:** Include descriptions of the individual’s signs and symptoms to support your diagnosis.
- **Treatment:** Report the recommended treatments for the disorder and evaluate the individual’s prognosis for improvement.
- **Legal and Ethical Considerations:** Comment on any legal or ethical concerns in the diagnosis and treatment of this individual.

*Conclusion*

Your paper should be 10-15 text pages (not including title or reference pages). Use your textbooks and the DSM to support your writing. You may also use information from other scholarly sources such as articles found in the Lamar library. Depending on the person you select, information from non-scholarly resources may be relevant as well. Be sure to write your paper using APA style and cite all references accordingly. An APA formatted template has been provided for your use here and in Course Resources. Submit your completed assignment to the course in Blackboard for grading AND to your course binder in TK20 for your program portfolio.

**Important:** your project must demonstrate knowledge, understanding, and application of information learned in this course and specifically in regard to DSM5 diagnosis and treatment. That is the bottom line of this project.

Institutional Policies

Academic Honesty Policy

Lamar University expects all students to engage in academic pursuits in a manner that is above reproach. Students are expected to maintain complete honesty and integrity in their academic experiences both in and out of the classroom. Any student found guilty of dishonesty in any phase of academic work will be subject to disciplinary action.

The University and its official representatives may initiate disciplinary proceedings against a student accused of any form of academic dishonesty including, but not limited to, cheating on an examination or other academic work which is to be submitted, plagiarism, collusion, and the abuse of resource materials.

All persons involved in academic dishonesty will be disciplined in accordance with University regulations and procedures. Discipline may include failure of the assignment and/or course up to suspension or expulsion from the university. The penalty may vary by instructor.

Additional information is available on the Academic Policy website (https://students.lamar.edu/academic-support/academic-policies.html).

Course Drop Policy

Students may drop a course and receive a grade of "Q" during the penalty-free period of the semester or session. For drops after this penalty-free period, grades are recorded as "Q" or "F," indicating the student was passing or failing at the time of the drop. A grade of "Q" may not be assigned unless an official drop has been processed through the Records Office. Students may drop a course online up to the census day by logging into Self-Service Banner. After the census day, courses must be dropped through the Records Office. For additional help, contact the academic advisor or the Records Office at registration@lamar.edu. Students may not drop a course during the last 20 percent of the term. Students should check the academic calendar at https://www.lamar.edu/academic-calendar for specific dates.

Students with Disability Policy

Lamar University is committed to providing equitable access to learning opportunities for all students. The Disability Resource Center (DRC) is located in the Communication building, room 105. Office staff collaborate with students who have disabilities to provide and/or arrange reasonable accommodations.

If you have, or think you may have, a disability (e.g. mental health, attentional, learning, chronic health, sensory, or physical), please contact the DRC at 409-880-8347 or drc@lamar.edu to arrange a confidential appointment with the Director of the DRC to explore possible options regarding equitable access and reasonable accommodations.

If you are registered with the DRC and have a current letter requesting reasonable accommodations, we encourage you to contact your instructor early in the semester to review how the accommodations will be applied in the course.

Additional information is available at the DRC website (http://www.lamar.edu/disability-resource-center/).
Academic Support

Academic Support can be located at [http://students.lamar.edu/academic-support/index.html](http://students.lamar.edu/academic-support/index.html).

There are many areas (i.e. Advising, Writing Center, etc.) of academic support. Each area provides their own specific contact information and days and hours of operation.

Student Services

Information on Student Services can be located at [http://students.lamar.edu/index.html](http://students.lamar.edu/index.html). There are many resources (i.e. Course schedules, important phone numbers, etc.) available. Each area provides their own specific contact information and days and hours of operation.

Academic Continuity Policy

In the event of an announced campus closure in excess of four days due to hurricane or other disaster, students are expected to check Lamar University's website and login to LU Connect for instructions about continuing courses remotely.

Emergency Procedures

Many types of emergencies can occur on campus; instructions for severe weather or violence/active shooter, fire, or chemical release can be found at the Office of Environmental Health/Safety and Risk Management ([https://www.lamar.edu/about-lu/administration/risk-management/index.html](https://www.lamar.edu/about-lu/administration/risk-management/index.html)) webpage.

Severe Weather

Follow the directions of the instructor or emergency personnel.

Seek shelter in an interior room or hallway on the lowest floor, putting as many walls as possible between you and the outside.

If you are in a multi-story building and you cannot get to the ground floor, pick a hallway in the center of the building.

Stay in the center of the room, away from exterior walls, windows, and doors.

Violence/Active Shooter

CALL - 7777 from a campus phone (Text 409-241-8002 from a cell phone). Note: Calling 911 from either a campus or cell phone will contact the City of Beaumont dispatch rather than the LU police.

AVOID - If possible, self-evacuate to a safe area outside the building. Follow directions of police officers.

DENY - Barricade the door with desks, chairs, bookcases or any other items. Move to a place inside the room where you are not visible. Turn off the lights and remain quiet. Remain there until told by police it is safe.

DEFEND - Use chairs, desks, cell phones or whatever is immediately available to distract and/or defend yourself and others from attack.

Copyright Policy Statement

Copyright is defined as the ownership and control of the intellectual property in original works of authorship which are subject to copyright law. As an institution of higher learning that values intellectual integrity, Lamar University prohibits the distribution of published materials (print or electronic) in violation of copyright law.

LU Connect Portal

Students are asked to obtain a Lamar Electronic Account username and password so they can log onto the LU CONNECT website. Students may get information on how to get into the LU CONNECT website from the University’s homepage ([http://www.lamar.edu](http://www.lamar.edu)) by clicking on the LU CONNECT link on the left top corner of the screen. Follow the steps to secure your LU CONNECT username and password.

LU Learn/Blackboard Learning Management System (LMS)
Students will utilize the Lamar University’s Learning Management System (LMS), Blackboard, for online courses. For Blackboard technical support go to https://blackboardsupport.lamar.edu. Phone: 866-585-1738 Phone and chat are available 24/7/365

Network Use

ACCEPTABLE USE

Students must respect the integrity and security of Lamar University computer systems and network, and the privacy and preferences of other users. Responsibility for learning about and complying with Lamar University Acceptable Use Policy ultimately rests with the individual. The network may be used to download, copy, or store any software, shareware, digital media files or freeware, as long as the use complies with copyright law licensing agreements, and campus policies, such as storage space limitations and network bandwidth restrictions. The network may not be used for any activity, or to transmit any material, that violates United States or local laws.

UNACCEPTABLE USE

The network may not be used for commercial purposes. Advertising and sponsorships on Lamar University websites is restricted. In addition, students may not permit other persons to use their usernames, passwords, accounts or disk space, or disclose their usernames, passwords or account information to any third party. Students may not log on to someone else’s account, internet address, or other network codes, or attempt to access another user’s files. Students may not create false or dummy accounts to impersonate someone else. Students may not try to gain unauthorized access (“hacking”) to the files or computer systems of any other person or organization. Students may not impersonate another person by forging e-mail, web pages or other electronic media. Students who maliciously access, alter, delete, damage or destroy any computer system, computer network, computer program, or data will be subject to disciplinary action by Lamar University, and criminal prosecution as well. Students may not disrupt or attempt to disrupt network traffic, and they may not attempt to monitor or capture network traffic in any way. Finally, students may not intentionally create, store, display, print or transmit information that violates the university’s Sexual Harassment Policy.

Netiquette (Online Etiquette) Statement

Please adhere to the same standards of behavior and professional respect online that you would follow in face-to-face communication with others, but most particularly when writing email and when taking part in collaborative and discussion board activities. Lamar provides access to network resources, including the Internet, in order to support learning and to prepare students for the 21st century world. Students, however, are expected to adhere to the Lamar University Acceptable Use Policies when Using Networks. More comprehensive student code of conduct can be found at https://students.lamar.edu/academic-support/code-of-conduct.html.

GENERAL GUIDELINES TO RESPECT ALL PARTICIPANTS

- Respect the right of each person to disagree with others.
- Treat people the same as you would face-to-face.
- Respect the time of others.

GUIDELINES WHEN COMMUNICATING WITH OTHERS (EMAIL, DISCUSSIONS, BLOGGING, AND ETC.)

- Always sign your names to any contribution you choose to make.
- Be constructive in your responses to others in the class.
- Do not use all caps (Doing so may be interpreted as shouting).
- Re-read your postings before sending them.
- Always think before you write.
- Respond respectfully.
- Use appropriate grammar and structure.
- Spell-check your postings.
- Use short paragraphs focused on one idea.
- Use appropriate business language at all times.

Technical Support
Technical Support can be located at http://students.lamar.edu/it-services-and-support/index.html.

Phone: 409-880-2222
Email: servicedesk@lamar.edu

Hours of Operation (CST):
Monday - Thursday 7:30 a.m.-12:00 a.m.
Friday 7:30 a.m. - 7:30 p.m.
Saturday 9:00 a.m. - 6:00 p.m.
Sunday 3:00 p.m. - 12:00 a.m.

Read and/or view materials in "Getting Started" section in Epic.

Familiarize yourself with the course and the components that we will be using in the course.

View and read lectures - (in Week 1)

Lecture:

Video 1: A Abnormal Human Behavior

Video 2: Legal and Ethical Considerations

Readings:

Hooley, Butcher, Nock, Mineka, 17e

Chapter 1 Abnormal Psychology: An Overview pp 1-14

Chapter 3 Causal Factors and Viewpoints

Chapter 4 Clinical Assessment and Diagnosis

Meyer and Weaver 9e

Chapter 1 Concepts of Abnormality

Chapter 16 Legal Issues and Psychological Practice

DSM-5

Section I: DSM-5 Basics

- Introduction
- Use of the Manual
- Cautionary Statement for Forensic Use of DSM-5

Recommended Readings:

Hooley, Butcher, Nock, Mineka, 17e

Chapter 2 Historical and Contemporary Views of Abnormal Behavior

Meyer and Weaver 9e

Chapter 2 Theories and Techniques

Assignment 1: Submit by 11:59 pm Day 7. Go to Week 1 for Assignment template and instructions.

Discussion 1: Submit initial post by Day 4 and respond to three classmates by Day 6. Go to Week 1 for Discussion prompt.

Review Instructions for Final Project. Due Week 5. Go to Week 5 and Resources for more details.
**Week 2:**
